Forecast For East Midlands
Issued by Met Office Exeter
at 1600 on Saturday 25 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain, sleet and hill snow spreading northwards, easing later Sunday.

This Evening and Tonight:
Cold and cloudy during the evening, with frost in places for a time. A period of rain, sleet and hill snow will make gradual progress northeast, with some icy stretches possible. Low cloud becoming extensive later,. Minimum temperature -2 deg C (28 deg F).

Sunday:
Rather cold and cloudy as a band of rain, sleet and hill snow makes very gradual progress northeast, becoming lighter and more showery with time. Milder and perhaps brighter later. Maximum temperature 7 deg C (45 deg F).

Outlook for Monday to Wednesday:
Low cloud perhaps extensive in light winds Monday, as well as a little rain or showers. Perhaps driest on Tuesday, ahead of a milder but likely wetter and windier Wednesday.
